

Little Gems Newsletter

Friday 6th May 2016

Busy Learning

The children have been exploring our new topic entitled 'Bon Voyage'. This week we have travelled on a plane, which the children made with the chairs in Gems 2. We had a pilot, an air hostess and passengers. The children thought about the things they would need to take while they were on the plane and thought about where they would like to go. The children had some great ideas and we ended up traveling to China. What fantastic imaginations we have!

The children have enjoyed counting out 'googly eyes' to add to their playdough aliens and use pipe cleaners as arms and even tongues!

For snack, we have enjoyed garlic bread, crackers with cheese spread, cereal and yoghurt with fresh berries. Yum, yum.

Reminders

Can we remind parents to label all your children's belongings including shoes and wellington boots. This prevents upset over lost belongings. It is surprising how many children have the same shoes!

Thank you for your continued support.

Outdoor Learning

The wooded area has been very popular over the last couple of weeks. We have been exploring and looking for a great manor of things including bears!

Inspired by the book 'Going on a Bear Hunt', we have been on a bear hunt and the children remembered the story very well. They even introduced their own ideas to the story.

The chickens have also been popular as we have looked for eggs and fed them. We have even sung a song or two to them to show them we care.

Other News

Now the weather is improving just a few reminders. Please ensure your child has a **sun hat** in school and sun cream is applied **before** coming to school. We need to ensure your children are safe while in school so we ask that your children **do not** wear open toed sandals please.

Thank you for your cooperation.
