Movement and Handling

The children have been using chopsticks and tweezers to pick up buttons, rice and golden leaves in the tough tray. This has helped to refine their fine motor skills. They have also been performing Chinese dragon dances to music.

Expressive Arts

The children have decorated plates with red and gold paints, glitters and collage materials. We have joined them together to make a giant Chinese dragon.

PSED

The children have been learning how to solve problems together, talking to each other and explaining what they would like. They have listened to one another and tried to find solutions.

Communication and Language

Whilst learning about the celebration of the Chinese New Year the children have been listening to one another's stories about how they celebrate special times with their families.

Busy learning

The children have been using a variety of writing materials to practice the letter /c/. They have eaten noodles, rice and prawn crackers and learnt all about the Chinese New Year. The children have enjoyed watching video clips and looking closely at photographs to find out more. They have made repeating patterns with shapes, describing and naming those they have used.

Reminders

Please could we have some pictures of your 'front doors'? The children are enjoying comparing their houses. If your child has borrowed any clothes from us could we please have them back? We are running low on spare clothes for those little mishaps.

Thank you
