

An illustration of a yellow suitcase with a black handle and a compass rose. The suitcase is covered in various colorful labels with text such as 'MONTREAL', 'NEW YORK', 'PARIS', 'LONDON', 'ROME', 'MILAN', 'VENICE', 'FLORENCE', 'PISA', 'CAMPANIA', 'TOSCANA', 'EMILIA', 'MARITIME', 'SARDEGNA', 'SICILY', 'PUGLIA', 'BASILICA', 'CALABRIA', 'SICILY', 'PUGLIA', 'BASILICA', 'CALABRIA', 'SICILY', 'PUGLIA', 'BASILICA', 'CALABRIA'. The compass rose is blue and white with red and black directional markers for North (N), South (S), East (E), and West (W).

Maths

The children continued to apply their doubling knowledge to the context of money. They had to solve problems such as 'I went to the shop and spent 10p. I bought two items that were exactly the same. How much were the items?'

They have just started to find halves by colouring halves of shapes and cutting objects in half.

As a result they have been using the vocabulary... 'fair', 'equal', 'the same'

Useful Information

Busy Learning

The children have explored colour mixing. They have experimented with the powder paints; making different shades of the same colour.

They developed their knowledge of the royal family and helped to celebrate the Queen's birthday. We sang songs and compared her celebrations to the parties we have.

The children have continued to take care of the tadpoles and watch carefully for change. They are getting really big now!

They have learnt about the life cycle of the frog, butterfly and ladybird and compared this to their own stages of growth.
