

Year 1 and 2 Newsletter

Friday 17th June 2016.

English:

Y1 have been focusing on phonics at school in literacy lessons, within the Ice Zone and throughout their daily routine. They are all very confident with their sounds now and many thanks to all the parents supporting their children at home with phonics learning and reading time.

Year 2 children have continued their spelling and grammar lessons and have been producing some excellent examples of creative writing ahead of their trip to the seaside next week!

Reminders

Trip to Hunstanton beach:

The KS1 trip to Hunstanton is on Friday 24th of June. Please make sure children are prepared with a sunhat, two or three water bottles, packed lunch and sun cream (to be applied by parents before children arrive at school). Please wear appropriate footwear for walking. All belongings must be kept in a small backpack that the children can carry independently. The children must be in school uniform.

Sunshine:

Each child should have a hat and a water bottle to keep them cool and hydrated throughout the school day.

Sports Day:

Sports day is now on the **4th of July**. Please ensure all KS1 students have PE kits in school on this day.

Mathematics:

In Year 1, the children have been learning about shapes and number patterns, continuing to improve their confidence with numbers when we use addition and subtraction.

In Year 2, the children have been problem solving and using their maths skills to decipher challenging puzzles and questions.

We encourage parents to challenge their children at home with fun maths questions and quizzes as part of their routine.

Science:

The children are concluding their Animals Including Humans project this week looking at life cycles, ready to move on to our Plants project next week.

During our Plants topic we will study what plants need to grow and thrive.

Sunstone class have made a display of what plants need to grow so please feel free to have a look in our classroom!
